

Mr Edward Bagehot \$5

This is the account of the Bluscan articles that
Waver brought for us with the fair money
at Naples last spring. I enclose the bill that
you may know how to mark the things. I
believe pistoles & carlini are dollars & cents.

Also I have put in pence to remember it, as you will
see on the top "Mr Edward Bagehot \$5" It is money

that he gave Mary Estlin for the cause so let it be
acknowledged in the fair accounts. We have the fine
books of the abbey, but can not be at the expense of
sending them to Paris for W. to bring home.
